serine/threoine protein kinase - guinea pig
N;Alternate names: STE20-like kinase
C;Species: Cavia porcellus (guinea pig)
C;Date: 15-oct-1999 #sequence_revision 15-oct-1999 #text_change 21-Jul-2000
C;Accession: T18532
R;Itoh, S.; Kameda, Y.; Yamada, E.; Tsujikawa, K.; Mimura, T.; Kohama, Y.
Arch. Blochem. Blophys. 340, 201-207, 1997

Submitted (NOV-1999) to the EMBL/GenBank/DDBJ databases.

-I FUNCTION: CAN ACT ON SUBSTRATES SUCH AS MYBLIN BASIC PROTEIN HISTONE IIA ON SERINE AND THREONINE RESIDUES (BY SIMILARITY).

-I CATALYTIC ACTIVITY: ATP + a protein = ADP + a phosphoprotein.

-I TISSUE SPECIFICITY: EXPRESSED PREDOMINANTLY IN LYMPHOID ORGAN.

-I PTM: AUTOPHOSPHORYLATED (BY SIMILARITY).

BIOL: Chém. 270:25070-25078(1995).

FUNCTION: THE ACTIVATED KINASE ACTS ON A VARIETY OF TLIKELY TO BE THE GTPASE EFFECTOR THAT LINKS THE RHO-F GTPASES TO THE JNK MAP KINASE PATHWAY.

SUBUNIT: INTERACTS TIGHTLY WITH GTP-BOUND BUT NOT GDE CDC42/P21 AND RAC1 (BY SIMILARITY).

TISSUE SPECIFICITY: EXPRESSED PREDOMINANTLY IN THE BR HIGHER EXPRESSION IN NEURONAL GROUPS ASSOCIATED WITH FUNCTION, AND AT LOWER LEVELS IN THE SPLEEN.

DEVELOPMENTAL STAGE: FOUND IN THE EMBRYONIC CNS WITH
                                                                                                                                                                                                                                                                                               2.-S
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          ZMZ
